Forecast for Saturday 02 Jul 2022

Weather: A lot of cloud expected through the day with scattered showers, some longer spells of rain at first, and again in the evening across the northwest. Some drier interludes may develop in the afternoon, but low confidence in this aspect.

Chance of cloud-free hill tops above 800m: 60%

Low Cloud and visibility: Poor in areas of low cloud down to 600 metres at first, this mostly lifting to 900 metres or higher by the end of the morning. Otherwise very good visibility, best of the cloud free summits in the southeast.
